How We Help

"To have such a resource to help meet family's basic needs is an amazing relief for families who are already going through so much!"

-Head Start Provider

- We help **children feel safe, secure, confident and ready to learn**
- The tangible goods from EBC helps ease ongoing, severe stress for a child.
- Getting essential care goods from EBC can reduce neglect and abuse. It is hard to care for your child if you don't have a dry diaper for a fussing baby, or food for a hungry little one. We help by making sure **family caregivers have what they need to take care of their children.**

Eliminating racism is important because:

Communities deserve an opportunity to thrive vs survive

#StandAgainstRacism

get comfortable saying:

1. thanks for correcting me. i didn't realize that.
2. i hadn't thought of it like that. i understand now.
3. i was wrong about that, and i've changed my mind.
4. i should do some more research before i argue this point.

there's no shame in being wrong, only refusing to learn.
